

How to Remove or Edit a Library Card in Libby

Follow these steps to remove or edit a library card in your Libby app.

Please note that if you delete a library card the loans and holds created through that card are also deleted.

If you add the card back to your Libby device active loans and holds will reappear.

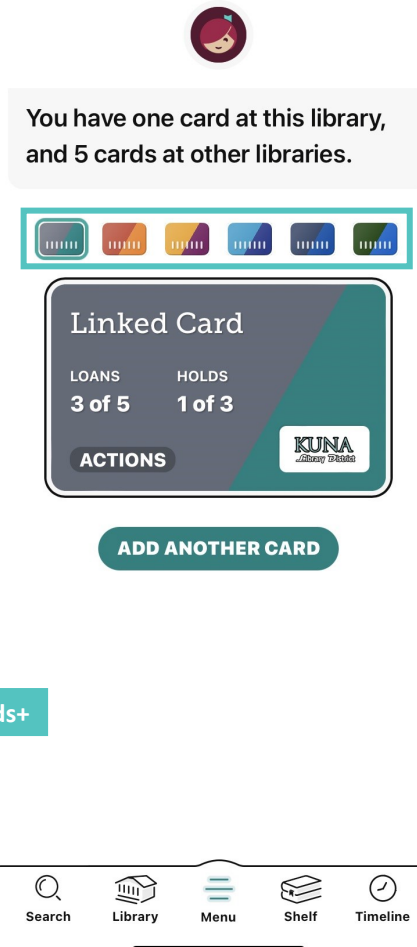

1

To get started, open the Libby app.

Tap the  button at the bottom of the screen, then choose **Cards+**. You may have to scroll down to see **Cards+**.

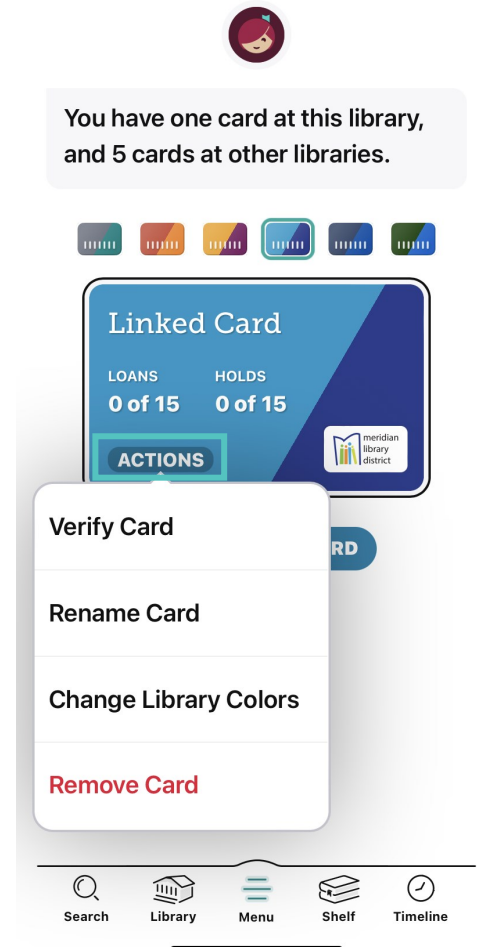

www.kunalibrary.org

2

Tap on the icon for the card you want to remove.

3

Tap on Action and choose to Remove Card, Verify Card, Rename Card or Change Card Colors.
